STARTED FOR MANILLA

Three More Ships Have Left San Francisco.

CARRIED A JOLLY CROWD.

Twenty-five Hundred Soldiers Were Aboard the Transports.

HEARTY FAREWELL GIVEN THEM.

Provisions For a Year Were Taken, and Also Some Important Supplies For Dewey Were In the Cargo Which Crosses the Pacific.

San Francisco, May 26.—The start was made for Manilla Wednesday afternoon and the first American army to sail for a foreign shore is now on the broad Pacific.

At 4 p. m. Brigadier General Anderson signalled from the Australia for the City of Peking and the City of Sydney to get under way.

The signal was seen from the shore and the waiting crowds commenced to cheer wildly. They knew what it meant as well as the sea captains for whom it was intended.

No time was lost on board the transports. The crews worked with a will and in a short time the anchors were up and the vessels were under way.

Then the 2,500 soldiers who had been impatiently awaiting the signal to start let loose. They climbed to the rigging and swarmed all over the big ships, shouting and cheering like mad.

The bay was alive with small craft of every description, and huge ferry boats were pressed into service to accommodate the eager crowds and carry them to the head of the Golden Gate that a last farewell might be said.

The big transports steamed slowly along the water front and the crowds on shore retired along to keep them in sight.

The noise made by patriotic citizens on sea and shore was something terrific. Every steam whistle in the city appeared to be blowing, cannon were fired and the din lasted for fully an hour.

As the Australia passed Alcatraz Island, in the lead of the other ships, the hattery of the United States artillery stationed there fired a salute to General Anderson. The colors were dipped in recognition and the steamships sounded their sirens.

The boats, large and small, followed as the transports moved slowly forward, and not until the heavy swells of the Pacific were encountered did they turn back.

It was shortly after 5 o'clock when the vessels entered the ocean and the sun glinting over the sea gave the departing sailors a vast view of the country, to fight for the honor of which they were sailing over 6,000 miles.

When last seen the transport fleet was steaming slowly to the southwest. After the pilots were dropped the vessels went ahead at full speed, and in six days, if all goes well, they will enter Honolulu harbor and join the Charleston.

The strain of expectancy during the past few days has been severe on both soldiers and citizens, and after the noisy demonstration the townspeople felt relieved that it was all over.

The expedition consists of four companies of regulars under command of Major Rohe; the First regiment California volunteers, Colonel Smith; the First regiment Oregon volunteers, Colonel Summers; a battalion of 50 heavy artillery, Major Gary; about 100 sailors and 11 naval officers.

It is not probable any more troops will be dispatched before another week. The Zealandia is being prepared to carry soldiers, but none of the other transports are in port.

The Chlia is not due here until May 28, and if the steamships of the Northern Pacific company are chartered and put under an American register it will take some time before that fleet can be put in order.

It is thought that the fleet which just left will not keep company with the Charleston after leaving Honolulu. They all carry enough coal to steam at full speed from Honolulu to Manilla, while the Charleston, in order to save coal, will not go faster than 10 knots an hour.

If the transports do not wait for the cruiser they may be expected to arrive at Manilla about June 20.

A COLLIER PURCHASED.

It Will Tow the Monterey From Honolulu to Manilla.

San Francisco, May 26.—The government has purchased the collier Pe-

ter Jebsen. The Jebsen is loaded with several thousand tons of coal, which will not be removed from her hold.

A couple of companies of troops can be quartered on the collier, which is expected to be assigned to the duty of towing the coast defense vessel Monterey from Honolulu to Manilla.

It is understood the government is negotiating for the charter of the Spreckels steamer Alameda, which is now in Sydney. The Spreckels will lease the steamer providing they can replace her.

If the Alameda comes to the city without stopping she can make the trip in about 18 days, but the usual voyage takes about 24 days.

The people of California and especially of San Francisco are very proud of the performance of the Oregon and the chamber of commerce of this city has forwarded a telegram to Captain Clark expressing its pleasure over the wonderful run made by the vessel, which was built at the Union Iron works in this city.

Next Sunday over 2,000 more troops will arrive to join those now camped in this city. A troop of volunteer cavalry from Utah left Salt Lake Tuesday and are due here. A Montana regiment of infantry is expected to arrive Friday.

The Eighteenth and Twenty-third regiments of infantry started Tuesday from New Orleans and are due here Saturday. A battalion of infantry from North Dakota will probably be here by Sunday.

The government has let a contract in this city for 16,000 one-man tents, at a total cost of \$30,000 net. Every man of the Manilla forces is to have one as part of his equipment and the supplies are to be hurried forward.

TO REINFORCE DEWEY.

Necessity For Such a Military Move Is Fully Recognized.

Washington, May 26.—Official advices received from Admiral Dewey, while confirming the belief that his supreme control of Manilla harbor is as firm as ever, indicate that the necessity for reinforcing him with a powerful military force is daily increasing, and is not safely to be delayed through any ordinary difficulties that may be encountered.

General Merritt's foresight in commanding 15,000 men for the first expedition, and securing the president's promise that 25,000 additional soldiers would be cheerfully furnished if they were required is indicated.

A SHAM BATTLE.

Attack on the Third Brigade Entrenched on Snodgrass Hill.

Chattanooga, May 26.—Battle exercises of the First division of the First corps were commenced at Chickamauga.

The exercises began at sunrise and were witnessed by Inspector General Breckinridge and many other officers. The First and Second brigades of the division assaulted the Third brigade, which was entrenched on Snodgrass hill, and a highly exciting as well as a very creditable sham battle occurred.

By actual count the number of men now in Chickamauga park is 34,633. There are 35 regiments of infantry, two of cavalry and eight batteries of artillery. Ohio has furnished the greatest number of men. She has six regiments with 5,328 men on the field.

Captain Rockwell, chief ordnance officer of the army, states that he has received notice that ample equipment will arrive during the next few days. A half million rounds of ammunition have already arrived and the balance of the equipment will come as fast as the roads can haul it.

The row of stands restaurants etc., located just outside the park, near Battlefield station, is assuming large proportions. The row is known as the "midway," and is liberally patronized. Two theaters are now in course of construction.

A corps of the Red Cross society is now being organized at Chattanooga for service in the camp.

Call For Additional Troops.

Washington, May 26.—The president has issued a proclamation calling for 75,000 additional volunteers. The following gives an approximate estimate of the state quotas: Alabama, 1,500; Arkansas, 1,230; California, 1,933; Colorado, 794; Connecticut, 965; Delaware, 210; Florida, 450; Georgia, 1,905; Idaho, 139; Illinois, 4,829; Indiana, 2,581; Iowa, 2,264; Kansas, 1,668; Kentucky, 2,045; Louisiana, 1,165; Maine, 759; Maryland, 1,166; Massachusetts, 2,832; Michigan, 2,622; Minnesota, 1,723; Mississippi, 1,295; Missouri, 3,246; Montana, 314; Nebraska, 1,446; Nevada, 142; New Hampshire, 451; New Jersey, 1,778; New York, 7,507; North Carolina, 1,545; North Dakota, 276; Ohio, 4,349; Oregon, 377; Pennsylvania, 6,458; Rhode Island, 426; South Dakota, 1,110; South Carolina, 448; Tennessee, 1,036; Texas, 1,464; Utah, 265; Vermont, 397; Virginia, 1,673; Washington, 704; West Virginia, 832; Wisconsin, 1,965; Wyoming,

138; Arizona, 109; District of Columbia, 193; New Mexico, 269; Oklahoma, 86.

Will Deal Gently With England.

Madrid, May 26.—The approaching visit of Mr. George J. Goschen, first lord of the British admiralty, to Gibraltar, has created a stir, but it is asserted, semi-officially, that the government will not commit an unfriendly act against England so long as there is no proof of an Anglo-American alliance. If, however, such an alliance should become an accepted fact, the government would be "constrained to adopt measures to secure the country against the dangers of invasion."

Got the Wrong Projectiles.

Grand Canaries, May 26.—There are three Spanish torpedo boats here and they are expected to remain in these waters. In one case the engines were damaged but have since been repaired. It is reported that the detention of Admiral Camara's fleet at Cadiz was not due to cowardice but to the fact that the wrong projectiles had been provided.

Reign of Terror at Key West.

Key West, May 26.—Key West is suffering from a reign of terror. Two murders were committed during the night and the best citizens feel that unless the town is promptly put under martial law a state of riot may prevail at any moment.

The police force consists of three men, and with streets and grogshops infested with turbulent jackies, negroes and roughs of many classes, the danger to the respectable classes is no mean one. Commander Forsythe has already asked for a guard of 25 marines to protect the naval station and government dock.

Glad the Race Is Done.

Jupiter, Fla., May 26.—Lieutenant A. R. Davis of the battleship Oregon came ashore. "Our race," says Lieutenant Davis, "was a most exciting one, especially after we left Bahia, for we then knew of the possibility of interception. Captain Clark, however, kept the little fleet in constant readiness, and had we run into the Spanish fleet we would have been heard from. As it is we are all happy that the race from San Francisco is now ended." The Marietta and Buffalo are with the Oregon.

Terror Goes to Join Cervera.

St. Pierre, Martinique, May 26.—The Spanish torpedo boat destroyer Terror finished coaling from the Alicante and left Fort de France, taking a northwesterly course. It is reported that she goes to join the Spanish fleet. Three men-of-war, according to the account of fishermen who arrived here, were seen at daybreak off the northwest point of the island. The fishermen assert that they were Spanish warships.

How They Entered the Trap.

Santiago de Cuba, Cuba, May 26.—At 8 o'clock on the morning of May 19 the Infanta Maria Teresa entered the port of Santiago de Cuba flying the flag of Admiral Cervera. She was followed almost immediately by the Vizcaya, the Almirante Oquendo, the Cristobal Colon and the torpedo boat destroyers Pluton. Soon afterward the torpedo boat destroyer Furor, which had been reconnoitering, arrived.

Better Answered in America.

Madrid, May 26.—In reply to a question respecting the prospects of peace, Senor Sagasta said: "Such a question can be better answered in America than here. America is the aggressor. Spain is only maintaining the right of national existence, which she will continue to maintain to the last."

The Present Situation.

Washington, May 26.—It is the general belief in naval circles that two monitors and as many torpedo boats will be sufficient to prevent the Spanish fleet from escaping from Santiago harbor, thus leaving the American navy practically free to go in search of other vessels of the enemy.

Not Much Comment.

Madrid, May 26.—There is little comment upon the fact that M. Schevitch, the Russian ambassador to Spain, was the first member of the diplomatic corps to call upon and confer with Duke Almodovar de Rio, minister of foreign affairs, after he took the oath of office.

First Nevada Volunteers.

Carson City, Nev., May 26.—The First Nevada volunteers will depart to Cheyenne. F. Linscott of the Nevada university has been appointed captain.

For the Trust Company.

Chicago, May 26.—The federal court of appeals handed down a decision upholding the finding of the lower court in the case of the Continental Trust company of New York against the Toledo, St. Louis and Kansas City Railway company.

Washington, May 26.—The statement of the condition of the treasury shows: Available cash balance, \$204,913,067; gold reserve, \$173,962,645.

TREASURY LOOTED.

Robbers Make a Rich Haul in a California County.

Madelra, Cal., May 26.—County treasurer Krohn has been terribly beaten by robbers and the strong box of the county rifled of its contents by the robbers. The treasurer was found in an unconscious condition in his office. He had been beaten about the face with a "hilly" or sandbag, but was not fatally wounded.

The marble floor of the office is marked with a trail of blood from the vault to the front door, where the wounded treasurer dragged himself on his hands and knees.

The safe was empty. About \$50 in silver and a few gold pieces were scattered on the floor. It was found that the outer door had been forced open, and as blood was found on the rear porch, it is conjectured that the robbers fled by that route.

A broken pane was discovered in the window separating the office from the hallway. Three stone drills were found in the office and one of these had been used to break the glass.

Just Like Suicide.

Key West, May 26.—There is nothing definitely known here about the possible operations in eastern Cuba, but the view is accepted at this place as a fact that the Spanish fleet is blockaded in Santiago harbor, in which event the naval opinion here is that the Spanish fleet has committed suicide. Commodore Schley and Rear Admiral Sampson are believed to have Admiral Cervera in their reach, and if the Spaniards are in Santiago harbor, they can be blockaded and starved out.

Cabinet Will Be Retained.

Paris, May 26.—The cabinet met and filled some appointments, indicating that M. Melie's ministry will not leave office and that M. Lobo, the minister for the colonies, who failed to obtain re-election to the chamber of deputies on the re-hallotting last Sunday, will not retire until the Niger convention is signed, which is imminent.

Another Industry Syndicated.

Oshkosh, Wis., May 26.—There is a plan on foot which, if carried out, will cause a revolution in the sash, door and blind industry of the country. R. H. Munson of Bay Mills, Mich., formulated the plan by which the sash, door and blind factories of various places are to be purchased and controlled by an English syndicate.

Again Remanded.

London, May 26.—At the Westminster police court William Runciman was again remanded on the charge of bigamously marrying an actress, Agnes Ingliouville, although his first wife, Estelle Wessel, whom he married at Binghamton, N. Y., is alive.

Double Tragedy.

New York, May 26.—Bailey Decker, colored, shot and fatally wounded his wife, a white woman, at Tottenville, Staten Island. He then killed himself with the weapon he had used upon his wife.

The Match Found It.

Huntington, Ind., May 26.—Cyrus Carey, Albert Beaver and Joseph Smith were fatally injured by a natural gas explosion. Carey had just erected a dwelling house, costing \$1,200, and Beaver was moving into it, he being the first tenant. A leak in the natural gas pipes had been discovered during the day. Smith crawled under the floor during a search and thoughtlessly struck a match. Instantly there was a terrific explosion. The house was blown to pieces. One entire side being hurled across the lot against the fence. The roof was lifted and parts of the building fell.

Lands Renominated.

Crawfordsville, Ind., May 26.—The Republicans of the Ninth congressional district at a convention nominated Hon. Charles B. Landis of Carroll county. Several other candidates who aspire to the honor in 1900 were on the ground, and it was thought would divide the convention vote, but after a caucus vote, which indicated that Landis would have a sweeping majority, all withdrew, and in convention his nomination was made by acclamation. General Lew Wallace presided.

Robbed by Masked Men.

Elwood, Ind., May 26.—George Spitzmesser, while walking along the Lake Erie and Western tracks returning to the city, was held up by two masked men and robbed of \$45 and a watch. As the men walked away Spitzmesser pulled his revolver and fired two shots, both missing. One of the robbers returned the fire, one bullet going through Spitzmesser's hand, causing a painful wound.

Hemmenway Renominated.

Princeton, Ind., May 26.—The Hon. James A. Hemmenway was renominated for congress by the Republican convention. The administration was endorsed and resolutions favoring free Cuba were adopted.

THE NEW PARTY BORN

Initiative and Referendum Are Its Watchwords.

A FULL TICKET NOMINATED.

Candidates Will Also Be Nominated For All County Offices, and Each Congressional District Will Be Looked After.

Columbus, O., May 26.—The minority political parties, with the exception of the Prohibition party, organized the Union Reform party and nominated a full state ticket.

They will nominate local tickets in every county in the state, and will also nominate a candidate in every congressional district. Fusion with either of the majority parties is not to be considered.

The platform which was unanimously adopted is as follows:

The Union Reform party of Ohio, believing that the time demands united action on the part of all who believe in a free government of pure policies, presents the following statement to the citizens of the state:

If Senators and Representatives wish to pose as pension attorneys why don't they resign and go at it in the proper way?

A MEETING of the Democratic State Central Committee has been called for next Tuesday at the office of Major R. C. Davis, of Louisville.

If Commodore Schley has that Spanish fleet "hotted up" in Santiago harbor why doesn't he smash the "bottle" and the fleet too? Is that Strategic Board holding him off until Spain can send over another fleet?

BRITISH engineering journals, without exception, sustain the popular belief that the destruction of the Maine was due to an outside explosion. They declare that no other conclusion could be deduced from the evidence. Our cousins across the water are right with us in all this this trouble with Spain.

NOWADAYS a Congressman seems to imagine that his ability as a lawmaker is best demonstrated by the number of pensions he can secure for his constituents. Judging from the number of claims paraded in the press as put through by this and that Representative or Senator, these so-called lawmakers devote most of their time to the pension business.

EVEN that rabid Republican journal, the Cincinnati Times-Star, seems disgusted at the way President McKinley is distributing military appointments. Hear what the T.-S. says:

Why wouldn't it be a good idea for some of the "sons of their pa" who have been securing fat places in the volunteer army to apply for something outside of the commissary department, some place where they will stand a chance of doing a little fighting? There is quite an army of these sons who have secured desirable places owing to the vigorous clamor made in their behalf. A regiment of such sons carrying guns rather than swords or commissary commissions would constitute an exceedingly popular organization in this country, as popular as it would be unexpected, and would go a long way towards allaying the prejudices that the sons of their pa have already excited. If there is any body of men in the world where each member should stand upon his own individual merit rather than on the influence that is brought to bear to boost him, it is the army. The large number of men that have recently succeeded in getting into positions because of the achievement of their fathers or grandfathers is believed to have weakened rather than strengthened the military organization of the country.

PERSONAL.

—Miss Julia Vanarsdell, of Flemingsburg, is on a visit to her many Mason County relatives.

—Miss Ella Forman has returned to her home at Dayton, Ky., after a visit to relatives in the county.

—Mr. T. M. Lashbrooke and son, Master Peter Morton, left Wednesday for a short visit in Dayton, Ky.

—Mr. Clint M. Brownling has been spending a few days with his parents, Dr. and Mrs. A. G. Brownling.

—Miss Laura Jefferson, of Millersburg, has returned home after visiting the Misses Davis, of West Second street.

—Mr. S. L. Turnipseed and wife, of Williamsburg, O., are guests of Mr. and Mrs. Charles Turnipseed, of Lexington street.

—Mrs. Finch and daughter, Miss Mary, are attending the May Music Festival at Cincinnati this week and are guests at the St. Nicholas.

—Lexington Leader: "Mrs. John Shackleford left Wednesday morning for Maysville and will go on from there to Greenburg and Indianapolis, Ind., to visit relatives. Prot. Shackleford will join her as soon as college vacation comes and they will go to Superior City, and then to the Pacific coast, making a long and pleasant summer tour."

The congregation of the Central Presbyterian Church are anticipating quite a treat in the sermons and addresses of next Sabbath when the services will be conducted by Dr. Rutherford, of Paris, Rev. Joseph Renne, of Covington, and Rev. W. T. Spears, of Washington. Dr. Rutherford will preach in the morning and Mr. Renne in the evening at this church.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogan, Lexington, Ky. Sold by J. Jas. Wood, druggist."

KENTUCKY CROPS.

Conditions Since Last Report Were Very Beneficial—Weekly Bulletin of the Weather Bureau.

[For Week Ending May 23.]

The high temperatures and frequent showers of the past week were beneficial to all crops, though in some instances, the rains were very heavy, and caused some damage by washing the soil from newly plowed fields. There was plenty of sunshine, and the warmth of the days continuing with slight abatement during the nights, caused rapid growth of all vegetation. Wheat continues in excellent condition, nearly all of our correspondents affirming that never heretofore was a crop more promising. The outlook for oats is also very encouraging, and all grains and grasses are strong, healthy and growing rapidly. Corn planting, except in a few overflowed localities, has been completed, as has replanting of early planted fields. The stands are generally good, and the first cultivation is well under way. Tobacco plants are healthy and plentiful, though complaint comes from the eastern section of the State that they are small for the season. The showery weather has greatly facilitated transplanting work which was industriously pursued all over the State at the close of the week.

Western Section.—This week has been the most favorable of the season, for the growth of all crops. The temperature has been high, the rainfall in the form of local showers, and generally heavy. Wheat is progressing rapidly and is heading in some places. Rust is feared if wet weather continues. Corn is not quite all planted, but, where it is up, has made good progress. Oats and grasses are growing fast. Tobacco plants are large and plentiful and are being transplanted as fast as possible. There is some complaint of cut worms injuring corn and tobacco. Gardens are doing well. Irish potatoes promise a good crop. Fruit trees are dropping the imperfect fruit.

Central Section.—Owing to favorable weather all crops have made rapid advancement during the past week. Warm nights, plenty of sunshine and frequent local showers were especially beneficial to corn, oats and gardens, and conducive to transplanting of tobacco. Rainfall was generally abundant, but a few correspondents state that rain is needed.

Wheat is heading well, and continues to give promise of an excellent crop. Corn has improved very much. It is generally up and has a good color. The prospects for this crop are decidedly brighter.

Oats are also generally improved. Rye, grasses and meadows doing well. An abundant crop of hay is expected. Tobacco transplanting is well under way.

Conditions have been very favorable and plants already set have a healthy start. There is some little complaint of cut worms, but as a rule reports regarding tobacco are encouraging. The outlook for fruit is poor. Much that was left on the trees after the April freeze is now dropping.

Eastern Section.—The past week has been unusually favorable, and all vegetation has responded. In a few localities light hail fell with heavy rain Wednesday, which did slight damage by washing rolling lands, but over this section generally the rainfall probably did not exceed half an inch on the average. This resulted from local showers. The air, too, was slightly warmer than usual for the season. Thus a favorable admixture of sunshine, heat and moisture contributed to a very marked advancement in the growth of all crops. Farmers made substantial progress in planting corn, most of which is completed. In several counties farmers have replowed and replanted fields of early corn, which had rotted in the hill from excessive moisture earlier in the season, or showed so feeble growth as to render it a poor prospect. Corn is also the prey of wire-worms in certain localities, but generally speaking this crop prospect is very much improved. Tobacco also shows considerable improvement. Reports are conflicting as to the size of plants, some maintaining that they are small for the season. A fair portion of the crop has been set out; ground is prepared for the remaining plants, which will be rapidly set upon the hill sides, if existing favorable weather continues. Wheat has begun to head and is everywhere a splendid crop. Oats, rye and grasses are growing well. Irish potatoes have improved. Gardens, though still backward, show considerable advancement. Apples are falling badly. Strawberries are plentiful and ripening rapidly.

PATRIOTIC PRIESTS.

The Congregation of the Holy Cross Tender Their Services.

ZAHM, at the head of the congregation of the Holy Cross, has written President McKinley notifying him that the priests of this great religious order are at the disposition of the Government either for chaplains or actual service in the field. The order is very strong throughout the United States.

A CAR-LOAD OF MATTINGS,

By far the largest single shipment of its kind that ever arrived in Maysville, reached us on Tuesday. They are all of best grade Chinese and Japanese make and include the very latest and choicest designs, and all at prices that we vouch will be a saving to you of at least 25 per cent. We've no space for detailed description. Suffice to say that prices range from 12½ to 30 cents a yard. If you're in need of Mattings, and a prudent purchaser, see these.

LACE CURTAINS.

During the past week our Lace Curtain stock has been greatly replenished. We have them to please the most modest and fastidious tastes. At 45 cents there is a "Nottingham" three yards long, worth fully 65 cents. Our \$1.25 Curtain, three and a half yards long, is especially worthy. At \$2.75 there is a "Brussels Net," three and a half yards long and sixty inches wide, of regular \$3.50 value. You can obtain valuable Curtain knowledge by investigating our stock.

DUCKS AND DRESS CRASH.

Our stock of these is immense, though we've sold heaps of 'em in the past fortnight. There is a high grade linen crash at 10 cents; something better at 12½, 15 and 18 cents. Figured Ducks and Ducks in solid colors at 10, 12½ and 15 cents. A great line of Piques in black, white, pink, navy and light blue at prices ranging from 15 to 29 cents. These are all great values at small prices.

A Bargain Table leader for this week will be a regular 12½c. Organdie for 7½c. a yard.

IMPORTANT SUIT.

Action Filed To Enjoin the Payment of Turnpike Guards.

Hon. James E. Cahill the Plaintiff—Grounds on Which He Bases His Petition.

An important suit was filed in the Mason Circuit Court Wednesday.

Hon. James E. Cahill is the plaintiff, and Sheriff Perrine, County Treasurer Pearce, and the various parties to whom claims were allowed at the recent session of the Fiscal Court for services as turnpike guards are made defendants.

Plaintiff states that he is a property-owner, and that he has been assessed for the year 1898. The other tax-payers are too numerous to be made parties, and he sues for all of them, as well as himself.

He prays that the Sheriff and Treasurer be restrained and enjoined from paying any of the said claims for services as turnpike guards out of the levy for this year.

The grounds on which plaintiff bases his suit are:

First.—That at the time Judge Harbeson made the order directing the summoning of the said guards he was a member of the Judicial department of the State Government, and the powers exercised by him belonged to another department of said government, to-wit: the Executive, and his attempt to exercise said powers was in violation of the provisions of Section 28 of the Constitution, and his said orders were without authority and void.

Second, That the appointment of said guards by the Sheriff was likewise without authority and void, being done pursuant to said void orders.

Third, That the Lexington and Mt. Sterling turnpike companies are corporations duly organized and in existence at the time of the adoption of the present Constitution and that said companies since the adoption of the Constitution have not filed in the office of the Secretary of State an acceptance of the provision of said Constitution, and that therefore the companies are not entitled to the benefits of the legislation providing guards for the property of corporations, to be paid for by the counties.

Fourth, That no levy was made or fund provided by the Fiscal Court out of which to pay the claims of said guards, the said court having thus failed, as required by

Section 180 of the Constitution, to specify distinctly that any part of the levy is for paying said guards; and that the taxes levied for other purposes can not be taken to pay said claims.

The plaintiff alleges that the said claims have been listed with the Sheriff and that if not restrained they will be paid out of the general fund.

L. W. Galbraith, Esq., and ex-Senator E. L. Worthington are attorneys for the plaintiff.

THE LINSS CASE.

The Jury Returns a Verdict For \$2,000.
The Pollock Case on Trial.

The trial of the case of the administrator of Lula and Mary Elizabeth Linss against the C. and O. was finished yesterday in the U. S. Circuit Court at Covington.

The arguments were concluded the evening before, Judge Simrall and Mr. A. M. J. Cochran speaking for the company and Senator Goebel and Judge Phister for plaintiff.

The jury returned a verdict yesterday in favor of plaintiff, awarding damages in the sum of \$2,000. The suit was for \$25,000.

The Pollock case against the company, growing out of the same sad accident, is on trial.

Greater Than Ever is Our Spring and Summer Stock.....

That the populace realize this is evidenced by the throng our store has been honored with in the past month. The well-known fact that no garment is suffered to be taken out of our house unless we are assured that it is perfect in fit gives an assured guarantee to our customers that they are perfectly safe to entrust themselves in our hands. Moreover, you are not required to guess at the price of what you buy. All of our goods are marked out in plain figures. It's the price; no more nor less.

We want to call your attention to our 1898

SPRINGDALE.

R. B. Cross, our genial agent, was in Maysville Monday.

Mrs. Mattie Lynch and her little daughter were calling on friends here Monday.

"Uncle" Davie Clegg and wife were guests of Mr. and Mrs. T. P. Degman on Thursday last.

Drs. Browning and Gaines were called in consultation over Mrs. Sudie Yawer Saturday last.

The entertainment given of Miss Flora Blenhard proved to be quite a success. Both teacher and pupils deserve praise.

Elder T. P. Degman preached at Bethany, Bracken County, to a large and attentive audience Sunday morning and night.

Mrs. Hulda McDonald was calling on relatives and friends here Friday. She was accompanied home by her little grand-daughter, Edna.

Rev. Willie Hall was again in our midst Monday, and he says we can expect him with us at Bethany the 30th. We know Rev. Hall's ability to speak, so with him and other good speakers whose names have been placed on our program, we expect to hear something, and will go state that they will waive all claims for pensions.

EAST LIMESTONE.

Miss Mamie Adams is visiting relatives in the Oak Woods.

Miss Carrie Halfhill visited friends at Springdale last week.

Miss Anna Frazer, of Maysville, was a guest of Mrs. John Fisher Sunday.

John Fisher received the sad news Sunday that his father, whose home is in Ohio, was critically ill.

Charley Williams attended the school entertainment at Pleasant Hill Friday evening. Musicians from Wilson's Bottom were in attendance.

The venerable wife of Rev. D. Yazell, who unfortunately fell a few days ago, from seemingly, just giving way, is thought to have sustained quite a serious injury.

Quite a number from Springdale and Cottageville were guests of relatives at "Mt. Welcome" recently. Among them Mr. and Mrs. P. W. Martin and lovely children Sunday.

Miss Lulu Moore, of near Falmouth, returned home Friday after a two month's visit in this county, among friends and relatives, accompanied by her aunt, Mrs. T. W. Case.

Quite a large crowd attended the entertainment given by Mr. and Mrs. Noble Swice at their home Friday evening. Music by our excellent stringband, the Messrs. Adams and Smith.

The boozing of the cannon Tuesday morning of last week from the handsome steamer City of Louisville, bearing the grand Knights, in response to the welcome greeting from the Maysville wharf, was mistake by many to be a partial victory in our deplorable humanitarian war coupled with the avenging of the Maine. Several of our most patriotic young men could scarcely be restrained from going to the city to hear the latest.

MAYSICK.

George Benz is improving.

Mrs. Ennas Myall is very poorly.

Miss Marie Hanley spent last week at Murphyville.

Miss Minnie Ballenger is visiting friends and relatives at Mt. Olivet.

Mrs. John Archdeacon and daughter, Mayme, are visiting in Cincinnati this week.

Will Fallon and Den Maloy, of Flemingsburg, were calling on friends here Sunday.

Miss Ella Murphy, of Lexington, spent last week with friends and relatives at Norfolk.

Rev. F. M. Tindler, of Carlisle, was called here this week by the serious illness of Mrs. Myall.

Rev. John Hickey is instructing a large class of children for confirmation, which will take place at Flemingsburg, June 13th.

Charles McCormick and sister Marcella, of Glen Kenney station, were the guests of their cousin, Miss Alice Cogan, last week.

SARDIS.

Wheat is looking well.

Mrs. F. W. Sult is critically ill, of fever.

Hog cholera is as prevalent here as the yellow fever is in Cuba.

Quite a number of our young men made application to join Uncle Sam's army, but few were accepted.

Grant R. Hill, of Sardis, has been in Cincinnati attending lectures on embalming. He will return in a week or so.

The patrons of Longfellow school, District No. 60, will entertain with a moonlight fete at the school grounds, one mile east of Sardis, on Friday and Saturday nights, May 27th and 28th. The teacher, Miss Wood, with the co-operation of the other ladies of the district, is exhausting every effort to make it the most enjoyable event of the season. All are cordially invited to attend and a grand time is anticipated.

ALTHOUGH a very busy man, Dr. R. V. Pierce, of Buffalo, N. Y., has found time in which to write a great book of over a thousand pages entitled, "The People's Common Sense Medical Adviser, in Plain English, or Medicine Simplified." Few books printed in the English language have reached so great a sale as has this popular work, over 650,000 copies having been sold at \$1.50 each. The profits on this enormous sale having repaid its author for the great amount of labor and money expended on its production he has now decided to give away, absolutely free, 500,000 copies of this valuable book, the recipient only being required to mail to the World's Dispensary Medical Association, of Buffalo, N. Y., of which company he is President, twenty-one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. It contains 1000 large pages, and over 300 illustrations, some of them in colors. The Free Edition is precisely the same as that sold at \$1.50 except

only that the books are bound in strong manilla paper covers, instead of cloth. It is not often that our readers have an opportunity to obtain a valuable book on such generous terms, and we predict that few will miss availing themselves of the unusual and liberal offer to which we have called their attention.

MR. E. R. BLAINE.

Ex-Maysvillian May be a Paymaster in Uncle Sam's Army—Kentuckians Anxious to Go to the Front.

WASHINGTON, May 24.—A number of the Kentucky members of the State militia who were rejected by the examining surgeons for slight defects are endeavoring through the Senators and Representatives to be accepted by the war department. Some of them in their anxiety to go state that they will waive all claims for pensions.

E. R. Blaine, formerly of Maysville, and who served under Col. Goodloe in the revenue office at Lexington, and is a cousin of James G. Blaine, is in Washington, and is an applicant for a commission as paymaster in the United States army.

THE Court of Appeals, with Hon. A. T. Wood and Hon. O. H. Waddell sitting as special Judges, has affirmed the judgment of the lower court holding that all of the Judges of the Court of Appeals are entitled to \$5,000 salary, as provided in the act of 1894. Judge Hazelrigg and ex-Judge Pryor, who were in office at the time of the passage of the act and are affected by it, did not participate in the decision of the case. Judge Waddell filed a dissenting opinion. The Legislature of '93 passed an act increasing the Judges' salaries from \$4,000 to \$5,000. Ex-Auditor Norman held that as the Judges were members of the same court all were entitled to equal salary, and consequently so paid Judges Hazelrigg and Pryor, who were then in commission, as well as the Judges elected afterward. The lower court sustained Norman and this was affirmed.

"NEARLY every large harbor in Cuba" says the Chicago Times Herald, has a fort known as Morro (pronounced More-roo, with the accent on the first syllable), the principal one being at the entrance to Havana. Morro in English means promontory, hence Spanish fortifications erected on promontories are usually designated as Morro or El Morro (the promontory). Morro Castle at Havana, in addition to bring a fortress, is a prison containing many dungeons, with a historical record as black as any page in Spanish history."
